

After many discussions on the Nopesport forum and increasing motivation and support of the format in orienteering, Nopesport are proud to launch **THE UK CITIES CUP - Urban Orienteering Series!**

Orienteering has traditionally been run in rural areas but over the last few years urban orienteering has increased in popularity. The Park World Tour pioneered the high profile, spectator-friendly format and despite the slight demise of the PWT recently, the format has gone from strength to strength culminating with inclusion of the format in races at international level. It has also grown in popularity in the UK with 2007's JK including an urban sprint race on the traditional training day. Now the UK has its own Urban Orienteering series to see who will be the king and queen of the urban jungle!

This Years series will take the form of 6 races:

RACE 1 - York Park Race, York - 28.05.07

RACE 2 - Glasgow - 08.07.07

RACE 3 - Scottish 6 Day Sprint Race, Kingussie - 08.08.07

RACE 4 -Lincoln Street Race - 02.09.07

RACE 5 – Warwick City Race - 06.10.07

RACE 6 – Oxford City Race – 10.11.07

To take part in the series you simply enter the Mens/Women open or 21E class for each particular race and you are automatically included. The top 3 in each race will win prizes with the top 10 gaining points that count for the overall series. It's a grand prix style points system with 1st=12, 2nd=10, 3rd=8, 4th=7points and a point less for every place below that, simple! The person with the most points...wins!

Thanks to generous support from Footwear manufacturers INOV8 we have some of the biggest prizes on offer in UK up for grabs in this series which is sure to entice you all to take up the challenge of trying to become the UK Cities cup Champion.

The race days are not just open to the elites however, with open races being organised along side which are available for people of all age and ability making it a great day out all round. To find out more follow the event links via citiescup.nopesport.com

For this years series we have also teamed up with Rock and Run, EmitUK, and Oentries.com and British Orienteering has endorsed the series.

With some superb venues, hopefully some big-name athletes, exciting urban racing and some top prizes up for grabs, The UK Cities Cup promises to be a high-octane, high spectator-friendly race series! Don't miss out...**ENTER NOW!!**
